Transfers Recorded.
The following transfers of real estate were left for record at Clerk Hook's office on Saturday:
Clerk Hook yesterday admitted to record a deed made May 24 by Hampden Z. Shriver and wife to Louis F. Freise, for \$1,000, a lot on the north side of Fifteenth street, 20 feet by 94 feet.

Fined for Assault.
Fritz Hess assaulted Mrs. Lou Fritz, of East Wheeling, yesterday morning with a heavy board on which was fastened a saw vice. Officers Lukins and Terrill arrested him, and arrived at police headquarters with him about 9, in time to arraign him before the acting mayor, who fined him. Mrs. Fritz's arm was badly hurt.

Marriage Licenses.
The following transfers of real estate were admitted to record in Clerk Hook's office yesterday:
Alfred L. Davis, aged 39, a native of England, and resident of Allegheny county, Pa., and Mary A. Jessup, aged 38, a native and resident of Allegheny county.
Pius Braddock, aged 25, and Mary Dalley, aged 23, both of Wheeling.

Fell From a Roof.
A man named Beavers, employed by Otto Auber, the tinner, fell from a roof yesterday morning and was painfully hurt. Beavers was working on the roof of the Peterson house, at the corner of Forty-fifth and Eoff streets, and slipped and fell to the ground, a distance of twenty feet. One of his legs was painfully hurt and his chin was split. He was immediately taken to his home, where medical aid was summoned.

Supreme Court of Appeals.
This court met yesterday with all the judges present, and transacted the following business:
State vs. Peel Splint Coal Company, writ of error, from Kanawha county; submitted.
Heath & Co. vs. Johnson, from Kanawha county, and Welly vs. Campbell, judge, from Ohio county; both continued.

Apples will be Scarce.
There is now no doubt that there will not be one-fourth of a crop of apples this year. The trees blossomed nicely, but the apples did not follow the blossoms, and even one-fourth of an ordinary crop is too liberal an allowance. Wheat is filled out well and there will be a fair crop in all parts of this section, and much of it will be ready to harvest in about ten days or two weeks.

Colored Voters to Organize.
The colored voters of Ohio county will meet in the Second ward market hall on Thursday evening to organize for the opening campaign. There will be several good speakers present to enthrall and entertain the meeting, which it is hoped to make a rouser. The colored voters in Ohio county are numerous enough to form a large and influential club, and every man of them should be on hand at this meeting and help get the organization started right.

Want to Retain the Plant.
There is a movement on foot at Bellaire to keep the Crystal window glass plant in operation. Some of the largest stockholders in it are favoring the move. The object is to buy the plant from the present company, select the choicest workmen from those now engaged and keep one factory thus manned in operation. The movement finds a good deal of encouragement among business men and merchants who are interested in the \$50,000 or \$60,000 paid out in wages by that plant each year, and the Board of Trade has been asked to take hold of it.

A Glass Salesman Dead.
Mr. Wilbur Nively, one of the most popular salesmen in the employ of the United States Glass Company, died at his home in Bellaire at 6 o'clock, last evening of consumption. He had been in bad health for some time, and for this reason resigned his position some time ago, but was not confined to his bed until about a week ago, since which time he sank rapidly. He was thirty-six years old last March. He was a good salesman, having wide experience and a good address, and was besides a genial, companionable man. His warmest friends were those who knew him longest and best, and his death will cause much sorrow in this city and Pittsburgh, as well as at his home.

The funeral will occur Wednesday afternoon at 3 o'clock.

A PECULIAR STRIKE.

Samples of Glassware Made for a Non-union house

COMPEL A FACTORY TO SHUT DOWN.

The Northwood Company has its Men Working on Samples to be Used at the new Concern in Pennsylvania, when the Authorities of the National Union order a Strike.

A novel strike occurred at the Northwood glass works, Martin's Ferry, last evening. The employees in the factory who are working on samples struck because the samples are intended for the new plant in course of erection at Elwood, Pa., which will be a non-union works.

President Smith and other officials of the A. F. G. W. U. learned that the Northwood was making a lot of samples for its new establishment at Elwood, and, this being against the rules of the union, investigated the case.

James McCaffrey, the executive committeeman of local union No. 15, of Martin's Ferry, was called to Pittsburgh, and informed Mr. Smith that the report was true to the best of his knowledge. President Smith authorized him to call a meeting of the union and order the men out at once. Mr. McCaffrey returned yesterday and a special meeting was held in the evening, at which time the matter was investigated and discussed and the factory committee at the Northwood was instructed to notify the management.

This was done at the hour for the commencement of the night turn, and the employees, instead of going to work, went home. This gave the company no chance to have the glass in the eight pots worked out, and it still stands there. The factory force had been working on a large line of samples for two weeks, with new molds coming in every day and others to follow, the molds furnished by a Bellaire firm. The company intended to run on samples until Thursday week. The samples consist of all kinds of ware, all new and the finest ever brought out by the Northwood. Among the fine goods for the new plant is a combination effect called the "Elwood granite," a decidedly pretty thing, the colors of which are crystal, white, citron, gold ruby and copper ruby. Their lamps are also elaborate.

The Northwood glass company does not expect to run the Martin's Ferry works after the present fire. The Elwood plant will be ready to start in a few weeks.

The outcome of the strike will be awaited with interest, the strike being the first of the kind in this valley.

The Northwood employs about 200 hands and is one of the most successful glass factories in United States.

THE WAGON KEPT BUSY.

Several Fruitful Trips of the Police Patrol Yesterday Afternoon.

The police patrol wagon was kept pretty busy the latter half of yesterday afternoon. It was first called to the corner of Twelfth and Water streets, where Officer Wilkie had arrested J. H. Whitely, who said he was an old soldier from Moundsville, and who was as drunk as two old soldiers ought to get. He was scarcely safe behind the bars when the wagon was called to Alley 6, in the rear of the Italian saloon, where two pretty tough females, Maggie Hanson and Birdie Scott, were found in custody of Officer Herbert. They were locked up, and charges of drunk and disorderly were chalked up against their names.

Next the wagon was called to take in charge a colored man who had a bad attack of rheumatism and could not take care of himself. He was provided for temporarily at headquarters, and will be taken to the hospital at the county infirmary to-day. He said he was on his way to his home in Baltimore from Barnesville, Ohio, and that his name was John Howard.

Card of Thanks.
